pulse
first neg edge
11 clks - 1clk period
no data so clk is Idle
Correct is Always high
Sending
Break
design makes Parity check makes sure frame isn't Corrupted
pulse for "5" (0xF3) Was Sent only once despite Sending is many times
One time pulse for "0" (0x70)
0xF3 = 0111 0011
LSB first
0x70 = 0111 0000
LSB first
3,960.000000 us
